

Bradbury's Bee Balm

Monarda bradburiana

Bradbury's Bee Balm has showy blooms in a lavender/ pink shade, borne on relaxed stems at 15 -24 inches tall. Bloom late spring, and the foliage, which has a subtle sheen, stays clean and attractive all season.

Pollinator superfood!

Deer resistant and clay adapted

This is a fantastic small plant for placement toward the front of a border, and looks good with Lyre Leaf Sage, Little Bluestem, Prairie Dropseed, and Coreopsis Moonbeam.
